

## BOARD OF DIRECTORS MEETING (Open)

Date: 10 October 2018

Item Ref:

14

<b>TITLE OF PAPER</b>	<b>Board Declaration of EPRR (Emergency Preparedness, Resilience and Response) self-assessment and workplan for 2018/19</b>
<b>TO BE PRESENTED BY</b>	Clive Clarke, Deputy Chief Executive, Director of Operations
<b>ACTION REQUIRED</b>	To agree at Board level the response to the national accountability EPRR core standards.
<b>OUTCOME</b>	The Board is asked to: a. Agree the EPRR self-assessment core standards and workplan for the Trust for 2018/19 b. Publish the outcome of the EPRR self-assessment in the annual report
<b>TIMETABLE FOR DECISION</b>	10 October 2018
<b>LINKS TO OTHER KEY REPORTS / DECISIONS</b>	2017/18 Annual Report
<b>LINKS TO OTHER RELEVANT FRAMEWORKS BAF, RISK, OUTCOMES</b>	CQC Standards 6, 10 and 16
<b>IMPLICATIONS FOR SERVICE DELIVERY AND FINANCIAL IMPACT</b>	Compliance with national NHS England EPRR Core Standards
<b>CONSIDERATION OF LEGAL ISSUES</b>	Compliance with the Civil Contingencies Act 2004 and NHS Act 2006

<b>Author of Report</b>	Terry Geraghty
<b>Designation</b>	Emergency Planning Manager
<b>Date of Report</b>	3 October 2018

## SUMMARY REPORT

---

**Report to:** BOARD OF DIRECTORS MEETING

**Subject:** Board Declaration of Emergency Preparedness, Resilience and Response (EPRR) self-assessment and workplan for 2018/19

**Presented by:** Clive Clarke, Deputy Chief Executive, Director of Operations

**Author:** Terry Geraghty, Emergency Planning Manager

---

### Purpose

<i>For Approval</i>	<i>For a collective decision</i>	<i>To report progress</i>	<i>To seek input from</i>	<i>For information</i>	<i>Other (please state below)</i>
X					

### Summary

The requirements on Emergency Preparedness, Resilience and Response (EPRR) accountability for this year have changed from those in previous years. The Trust has now self assessed itself as 'Non Compliant', but action has been taken to ensure that we are 'Partially compliant' by December 2018.

#### Revisions to standards

These were confirmed by NHS England Head of EPRR in 30 July 2018 and the following points are of note:

The core standards have been revised since 2017 to both embed the deep dive governance standards of the 2017/18 return and to change some standards so they are applicable and appropriate for the Trust completing them, recognising that one size does not fit all.

NHS England recognise that Trusts' who were compliant or partially compliant last year may see a drop in compliance this year due to both new standards and increased evidence requirements to meet existing standards. For example, Chemical, biological, radiological and nuclear (CBRN) were mainly applicable to Acute Trusts' previously but for 2018/19 there are now seven CBRN standards for mental health Trusts' to meet. There are also now nine standards relating to Business Continuity and five for command and Control and training.

#### SHSC self-assessment and action taken

Within SHSC a robust assessment has been made of each of the standards and the changes in evidence required to meet them. This has resulted in an increased number that are now partially met, but has also highlighted three where the Trust is non-compliant.

Immediate action has been taken in respect of one, LHRP attendance, whereby the Deputy Chief Executive and Director of Corporate Governance will share responsibility to attend. The other two relating to the training of Loggists and CBRN equipment will be achieved in this calendar year.

## **Next Steps**

NHS England require SHSC submission of the board report, including the statement of compliance, improvements required this year and the responses to the deep dive standards on Command and Control needs by Wednesday 31 October 2018.

NHS England Yorkshire and Humber EPRR Team will host 4 face to face meetings with their Local Health Resilience Panels to undertake 'Confirm and Challenge' sessions on the submissions between 14 & 16 November 2018, before providing their final submission of consolidated assurance reports to the NHS England regional team on 16 November 2018.

Within SHSC, the workplan will be taken forward by the Accountable Emergency Officer, Emergency Planning Manager, Trust Management Group and non-executive/Governing Body member for EPRR. There will be quarterly reports to the Board detailing progress against the action plan.

## **Actions**

The Board is asked to take the following actions so that the requirements in the summary above can be met by the Emergency Planning Manager.:

- i. Agree the EPRR self-assessment core standards, statement of compliance and workplan for the Trust for 2018/19**
- ii. Publish the outcome of the EPRR self-assessment in the annual report**

Receive quarterly reports detailing progress against the action plan

## **Monitoring Arrangements**

The Emergency Planning Manager will submit quarterly reports to the Board detailing progress against the action plan.

**STATEMENT OF COMPLIANCE**

Sheffield Health and Social Care NHS Foundation Trust has undertaken a self-assessment against required areas of the EPRR Core standards self-assessment tool v1.0

Where areas require further action, Sheffield Health and Social Care NHS Foundation Trust will meet with the LHRP to review the attached core standards, associated improvement plan and to agree a process ensuring non-compliant standards are regularly monitored until an agreed level of compliance is reached.

Following self-assessment, the organisation has been assigned as an EPRR assurance rating of Non-compliant (from the four options in the table below) against the core standards.

<b>Overall EPRR assurance rating</b>	<b>Criteria</b>
<b>Fully</b>	The organisation is 100% compliant with all core standards they are expected to achieve.  The organisation's Board has agreed with this position statement.
<b>Substantial</b>	The organisation is 89-99% compliant with the core standards they are expected to achieve.  For each non-compliant core standard, the organisation's Board has agreed an action plan to meet compliance within the next 12 months.
<b>Partial</b>	The organisation is 77-88% compliant with the core standards they are expected to achieve.  For each non-compliant core standard, the organisation's Board has agreed an action plan to meet compliance within the next 12 months.
<b>Non-compliant</b>	The organisation compliant with 76% or less of the core standards the organisation is expected to achieve.  For each non-compliant core standard, the organisation's Board has agreed an action plan to meet compliance within the next 12 months.  The action plans will be monitored on a quarterly basis to demonstrate progress towards compliance.

I confirm that the above level of compliance with the core standards has been agreed by the organisation's board / governing body along with the enclosed action plan and governance deep dive responses.

Ref	Domain	Standard	Detail	Mental Health Providers	Evidence - examples listed below
1	Governance	Appointed AEO	<p>The organisation has appointed an Accountable Emergency Officer (AEO) responsible for Emergency Preparedness Resilience and Response (EPRR). This individual should be a board level director, and have the appropriate authority, resources and budget to direct the EPRR portfolio.</p> <p>A non-executive board member, or suitable alternative, should be identified to support them in this role.</p>	Y	<ul style="list-style-type: none"> <li>Name and role of appointed individual</li> </ul>
2	Governance	EPRR Policy Statement	<p>The organisation has an overarching EPRR policy statement.</p> <p>This should take into account the organisation's:</p> <ul style="list-style-type: none"> <li>Business objectives and processes</li> <li>Key suppliers and contractual arrangements</li> <li>Risk assessment(s)</li> <li>Functions and / or organisation, structural and staff changes.</li> </ul> <p>The policy should:</p> <ul style="list-style-type: none"> <li>Have a review schedule and version control</li> <li>Use unambiguous terminology</li> <li>Identify those responsible for making sure the policies and arrangements are updated, distributed and regularly tested</li> <li>Include references to other sources of information and supporting documentation.</li> </ul>	Y	<p>Evidence of an up to date EPRR policy statement that includes:</p> <ul style="list-style-type: none"> <li>Resourcing commitment</li> <li>Access to funds</li> <li>Commitment to Emergency Planning, Business Continuity, Training, Exercising etc.</li> </ul>
3	Governance	EPRR board reports	<p>The Chief Executive Officer / Clinical Commissioning Group Accountable Officer ensures that the Accountable Emergency Officer discharges their responsibilities to provide EPRR reports to the Board / Governing Body, no less frequently than annually.</p> <p>These reports should be taken to a public board, and as a minimum, include an overview on:</p> <ul style="list-style-type: none"> <li>training and exercises undertaken by the organisation</li> <li>business continuity, critical incidents and major incidents</li> <li>the organisation's position in relation to the NHS England EPRR assurance process.</li> </ul>	Y	<ul style="list-style-type: none"> <li>Public Board meeting minutes</li> <li>Evidence of presenting the results of the annual EPRR assurance process to the Public Board</li> </ul>
4	Governance	EPRR work programme	<p>The organisation has an annual EPRR work programme, informed by lessons identified from:</p> <ul style="list-style-type: none"> <li>incidents and exercises</li> <li>identified risks</li> <li>outcomes from assurance processes.</li> </ul>	Y	<ul style="list-style-type: none"> <li>Process explicitly described within the EPRR policy statement</li> <li>Annual work plan</li> </ul>
5	Governance	EPRR Resource	<p>The Board / Governing Body is satisfied that the organisation has sufficient and appropriate resource, proportionate to its size, to ensure it can fully discharge its EPRR duties.</p>	Y	<ul style="list-style-type: none"> <li>EPRR Policy identifies resources required to fulfill EPRR function; policy has been signed off by the organisation's Board</li> <li>Assessment of role / resources</li> <li>Role description of EPRR Staff</li> <li>Organisation structure chart</li> <li>Internal Governance process chart including EPRR group</li> </ul>

6	Governance	Continuous improvement process	The organisation has clearly defined processes for capturing learning from incidents and exercises to inform the development of future EPRR arrangements.	Y	<ul style="list-style-type: none"> <li>• Process explicitly described within the EPRR policy statement</li> </ul>
7	Duty to risk assess	Risk assessment	The organisation has a process in place to regularly assess the risks to the population it serves. This process should consider community and national risk registers.	Y	<ul style="list-style-type: none"> <li>• Evidence that EPRR risks are regularly considered and recorded</li> <li>• Evidence that EPRR risks are represented and recorded on the organisations corporate risk register</li> </ul>
8	Duty to risk assess	Risk Management	The organisation has a robust method of reporting, recording, monitoring and escalating EPRR risks.	Y	<ul style="list-style-type: none"> <li>• EPRR risks are considered in the organisation's risk management policy</li> <li>• Reference to EPRR risk management in the organisation's EPRR policy document</li> </ul>
9	Duty to maintain plans	Collaborative planning	Plans have been developed in collaboration with partners and service providers to ensure the whole patient pathway is considered.	Y	Partners consulted with as part of the planning process are demonstrable in planning arrangements
11	Duty to maintain plans	Critical incident	In line with current guidance and legislation, the organisation has effective arrangements in place to respond to a critical incident (as per the EPRR Framework).	Y	Arrangements should be: <ul style="list-style-type: none"> <li>• current</li> <li>• in line with current national guidance</li> <li>• in line with risk assessment</li> <li>• tested regularly</li> <li>• signed off by the appropriate mechanism</li> <li>• shared appropriately with those required to use them</li> <li>• outline any equipment requirements</li> <li>• outline any staff training required</li> </ul>
12	Duty to maintain plans	Major incident	In line with current guidance and legislation, the organisation has effective arrangements in place to respond to a major incident (as per the EPRR Framework).	Y	Arrangements should be: <ul style="list-style-type: none"> <li>• current</li> <li>• in line with current national guidance</li> <li>• in line with risk assessment</li> <li>• tested regularly</li> <li>• signed off by the appropriate mechanism</li> <li>• shared appropriately with those required to use them</li> <li>• outline any equipment requirements</li> <li>• outline any staff training required</li> </ul>
13	Duty to maintain plans	Heatwave	In line with current guidance and legislation, the organisation has effective arrangements in place to respond to the impacts of heat wave on the population the organisation serves and its staff.	Y	Arrangements should be: <ul style="list-style-type: none"> <li>• current</li> <li>• in line with current national guidance</li> <li>• in line with risk assessment</li> <li>• tested regularly</li> <li>• signed off by the appropriate mechanism</li> <li>• shared appropriately with those required to use them</li> <li>• outline any equipment requirements</li> <li>• outline any staff training required</li> </ul>
14	Duty to maintain plans	Cold weather	In line with current guidance and legislation, the organisation has effective arrangements in place to respond to the impacts of snow and cold weather (not internal business continuity) on the population the organisation serves.	Y	Arrangements should be: <ul style="list-style-type: none"> <li>• current</li> <li>• in line with current national guidance</li> <li>• in line with risk assessment</li> <li>• tested regularly</li> <li>• signed off by the appropriate mechanism</li> <li>• shared appropriately with those required to use them</li> <li>• outline any equipment requirements</li> <li>• outline any staff training required</li> </ul>

15	Duty to maintain plans	Pandemic influenza	In line with current guidance and legislation, the organisation has effective arrangements in place to respond to pandemic influenza as described in the National Risk Register.	Y	Arrangements should be: <ul style="list-style-type: none"> <li>• current</li> <li>• in line with current national guidance</li> <li>• in line with risk assessment</li> <li>• tested regularly</li> <li>• signed off by the appropriate mechanism</li> <li>• shared appropriately with those required to use them</li> <li>• outline any equipment requirements</li> <li>• outline any staff training required</li> </ul>
16	Duty to maintain plans	Infectious disease	In line with current guidance and legislation, the organisation has effective arrangements in place to respond to an infectious disease outbreak within the organisation or the community it serves, covering a range of diseases including Viral Haemorrhagic Fever. These arrangements should be made in conjunction with Infection Control teams; including supply of adequate FFP3.	Y	Arrangements should be: <ul style="list-style-type: none"> <li>• current</li> <li>• in line with current national guidance</li> <li>• in line with risk assessment</li> <li>• tested regularly</li> <li>• signed off by the appropriate mechanism</li> <li>• shared appropriately with those required to use them</li> <li>• outline any equipment requirements</li> <li>• outline any staff training required</li> </ul>
17	Duty to maintain plans	Mass Countermeasures	In line with current guidance and legislation, the organisation has effective arrangements in place to distribute Mass Countermeasures - including the arrangement for administration, reception and distribution, eg mass prophylaxis or mass vaccination.  There may be a requirement for Specialist providers, Community Service Providers, Mental Health and Primary Care services to develop Mass Countermeasure distribution arrangements. These will be dependant on the incident, and as such requested at the time.  CCGs may be required to commission new services dependant on the incident.	Y	Arrangements should be: <ul style="list-style-type: none"> <li>• current</li> <li>• in line with current national guidance</li> <li>• in line with risk assessment</li> <li>• tested regularly</li> <li>• signed off by the appropriate mechanism</li> <li>• shared appropriately with those required to use them</li> <li>• outline any equipment requirements</li> <li>• outline any staff training required</li> </ul>
18	Duty to maintain plans	Mass Casualty - surge	In line with current guidance and legislation, the organisation has effective arrangements in place to respond to mass casualties. For an acute receiving hospital this should incorporate arrangements to increase capacity by 10% in 6 hours and 20% in 12 hours.	Y	Arrangements should be: <ul style="list-style-type: none"> <li>• current</li> <li>• in line with current national guidance</li> <li>• in line with risk assessment</li> <li>• tested regularly</li> <li>• signed off by the appropriate mechanism</li> <li>• shared appropriately with those required to use them</li> <li>• outline any equipment requirements</li> <li>• outline any staff training required</li> </ul>
20	Duty to maintain plans	Shelter and evacuation	In line with current guidance and legislation, the organisation has effective arrangements in place to place to shelter and / or evacuate patients, staff and visitors. This should include arrangements to perform a whole site shelter and / or evacuation.	Y	Arrangements should be: <ul style="list-style-type: none"> <li>• current</li> <li>• in line with current national guidance</li> <li>• in line with risk assessment</li> <li>• tested regularly</li> <li>• signed off by the appropriate mechanism</li> <li>• shared appropriately with those required to use them</li> <li>• outline any equipment requirements</li> <li>• outline any staff training required</li> </ul>
21	Duty to maintain plans	Lockdown	In line with current guidance and legislation, the organisation has effective arrangements in place safely manage site access and egress of patients, staff and visitors to and from the organisation's facilities. This may be a progressive restriction of access / egress that focuses on the 'protection' of critical areas.	Y	Arrangements should be: <ul style="list-style-type: none"> <li>• current</li> <li>• in line with current national guidance</li> <li>• in line with risk assessment</li> <li>• tested regularly</li> <li>• signed off by the appropriate mechanism</li> <li>• shared appropriately with those required to use them</li> <li>• outline any equipment requirements</li> <li>• outline any staff training required</li> </ul>

22	Duty to maintain plans	Protected individuals	In line with current guidance and legislation, the organisation has effective arrangements in place to respond to manage 'protected individuals'; including VIPs, high profile patients and visitors to the site.	Y	<p>Arrangements should be:</p> <ul style="list-style-type: none"> <li>• current</li> <li>• in line with current national guidance</li> <li>• in line with risk assessment</li> <li>• tested regularly</li> <li>• signed off by the appropriate mechanism</li> <li>• shared appropriately with those required to use them</li> <li>• outline any equipment requirements</li> <li>• outline any staff training required</li> </ul>
23	Duty to maintain plans	Excess death planning	Organisation has contributed to and understands its role in the multiagency planning arrangements for excess deaths, including mortuary arrangements.	Y	<p>Arrangements should be:</p> <ul style="list-style-type: none"> <li>• current</li> <li>• in line with current national guidance</li> <li>• in line with risk assessment</li> <li>• tested regularly</li> <li>• signed off by the appropriate mechanism</li> <li>• shared appropriately with those required to use them</li> <li>• outline any equipment requirements</li> <li>• outline any staff training required</li> </ul>
24	Command and control	On call mechanism	<p>A resilient and dedicated EPRR on call mechanism in place 24 / 7 to receive notifications relating to business continuity incidents, critical incidents and major incidents.</p> <p>This should provide the facility to respond or escalate notifications to an executive level.</p>	Y	<ul style="list-style-type: none"> <li>• Process explicitly described within the EPRR policy statement</li> <li>• On call Standards and expectations are set out</li> <li>• Include 24 hour arrangements for alerting managers and other key staff.</li> </ul>
25	Command and control	Trained on call staff	<p>On call staff are trained and competent to perform their role, and are in a position of delegated authority on behalf on the Chief Executive Officer / Clinical Commissioning Group Accountable Officer.</p> <p>The identified individual:</p> <ul style="list-style-type: none"> <li>• Should be trained according to the NHS England EPRR competencies (National Occupational Standards)</li> <li>• Can determine whether a critical, major or business continuity incident has occurred</li> <li>• Has a specific process to adopt during the decision making</li> <li>• Is aware who should be consulted and informed during decision making</li> <li>• Should ensure appropriate records are maintained throughout.</li> </ul>	Y	<ul style="list-style-type: none"> <li>• Process explicitly described within the EPRR policy statement</li> </ul>
26	Training and exercising	EPRR Training	The organisation carries out training in line with a training needs analysis to ensure staff are competent in their role; training records are kept to demonstrate this.	Y	<ul style="list-style-type: none"> <li>• Process explicitly described within the EPRR policy statement</li> <li>• Evidence of a training needs analysis</li> <li>• Training records for all staff on call and those performing a role within the ICC</li> <li>• Training materials</li> <li>• Evidence of personal training and exercising portfolios for key staff</li> </ul>

27	Training and exercising	<b>EPRR exercising and testing programme</b>	<p>The organisation has an exercising and testing programme to safely test major incident, critical incident and business continuity response arrangements.</p> <p>Organisations should meet the following exercising and testing requirements:</p> <ul style="list-style-type: none"> <li>• a six-monthly communications test</li> <li>• annual table top exercise</li> <li>• live exercise at least once every three years</li> <li>• command post exercise every three years.</li> </ul> <p>The exercising programme must:</p> <ul style="list-style-type: none"> <li>• identify exercises relevant to local risks</li> <li>• meet the needs of the organisation type and stakeholders</li> <li>• ensure warning and informing arrangements are effective.</li> </ul> <p>Lessons identified must be captured, recorded and acted upon as part of continuous improvement.</p>	Y	<ul style="list-style-type: none"> <li>• Exercising Schedule</li> <li>• Evidence of post exercise reports and embedding learning</li> </ul>
28	Training and exercising	<b>Strategic and tactical responder training</b>	Strategic and tactical responders must maintain a continuous personal development portfolio demonstrating training in accordance with the National Occupational Standards, and / or incident / exercise participation	Y	<ul style="list-style-type: none"> <li>• Training records</li> <li>• Evidence of personal training and exercising portfolios for key staff</li> </ul>
30	Response	<b>Incident Co-ordination Centre (ICC)</b>	<p>The organisation has a preidentified an Incident Co-ordination Centre (ICC) and alternative fall-back location.</p> <p>Both locations should be tested and exercised to ensure they are fit for purpose, and supported with documentation for its activation and operation.</p>	Y	<ul style="list-style-type: none"> <li>• Documented processes for establishing an ICC</li> <li>• Maps and diagrams</li> <li>• A testing schedule</li> <li>• A training schedule</li> <li>• Pre identified roles and responsibilities, with action cards</li> <li>• Demonstration ICC location is resilient to loss of utilities, including telecommunications, and external hazards</li> </ul>
31	Response	<b>Access to planning arrangements</b>	Version controlled, hard copies of all response arrangements are available to staff at all times. Staff should be aware of where they are stored; they should be easily accessible.	Y	Planning arrangements are easily accessible - both electronically and hard copies
32	Response	<b>Management of business continuity incidents</b>	The organisations incident response arrangements encompass the management of business continuity incidents.	Y	• Business Continuity Response plans
33	Response	<b>Loggist</b>	The organisation has 24 hour access to a trained loggist(s) to ensure decisions are recorded during business continuity incidents, critical incidents and major incidents.	Y	<ul style="list-style-type: none"> <li>• Documented processes for accessing and utilising loggists</li> <li>• Training records</li> </ul>
34	Response	<b>Situation Reports</b>	The organisation has processes in place for receiving, completing, authorising and submitting situation reports (SitReps) and briefings during the response to business continuity incidents, critical incidents and major incidents.	Y	<ul style="list-style-type: none"> <li>• Documented processes for completing, signing off and submitting SitReps</li> <li>• Evidence of testing and exercising</li> </ul>
37	Warning and informing	<b>Communication with partners and stakeholders</b>	The organisation has arrangements to communicate with partners and stakeholder organisations during and after a major incident, critical incident or business continuity incident.	Y	<ul style="list-style-type: none"> <li>• Have emergency communications response arrangements in place</li> <li>• Social Media Policy specifying advice to staff on appropriate use of personal social media accounts whilst the organisation is in incident response</li> <li>• Using lessons identified from previous major incidents to inform the development of future incident response communications</li> <li>• Having a systematic process for tracking information flows and logging information requests and being able to deal with multiple requests for information as part of normal business processes</li> <li>• Being able to demonstrate that publication of plans and assessments is part of a joined-up communications strategy and part of your organisation's warning and informing work</li> </ul>

38	Warning and informing	Warning and informing	The organisation has processes for warning and informing the public and staff during major incidents, critical incidents or business continuity incidents.	Y	<ul style="list-style-type: none"> <li>• Have emergency communications response arrangements in place</li> <li>• Be able to demonstrate consideration of target audience when publishing materials (including staff, public and other agencies)</li> <li>• Communicating with the public to encourage and empower the community to help themselves in an emergency in a way which compliments the response of responders</li> <li>• Using lessons identified from previous major incidents to inform the development of future incident response communications</li> <li>• Setting up protocols with the media for warning and informing</li> </ul>
39	Warning and informing	Media strategy	The organisation has a media strategy to enable communication with the public. This includes identification of and access to a trained media spokesperson able to represent the organisation to the media at all times.	Y	<ul style="list-style-type: none"> <li>• Have emergency communications response arrangements in place</li> <li>• Using lessons identified from previous major incidents to inform the development of future incident response communications</li> <li>• Setting up protocols with the media for warning and informing</li> <li>• Having an agreed media strategy which identifies and trains key staff in dealing with the media including nominating spokespersons and 'talking heads'</li> </ul>
40	Cooperation	LRHP attendance	The Accountable Emergency Officer, or an appropriate director, attends (no less than 75%) of Local Health Resilience Partnership (LHRP) meetings per annum.	Y	<ul style="list-style-type: none"> <li>• Minutes of meetings</li> </ul>
41	Cooperation	LRF / BRF attendance	The organisation participates in, contributes to or is adequately represented at Local Resilience Forum (LRF) or Borough Resilience Forum (BRF), demonstrating engagement and co-operation with other responders.	Y	<ul style="list-style-type: none"> <li>• Minutes of meetings</li> <li>• Governance agreement if the organisation is represented</li> </ul>
42	Cooperation	Mutual aid arrangements	<p>The organisation has agreed mutual aid arrangements in place outlining the process for requesting, co-ordinating and maintaining resource eg staff, equipment, services and supplies.</p> <p>These arrangements may be formal and should include the process for requesting Military Aid to Civil Authorities (MACA).</p>	Y	<ul style="list-style-type: none"> <li>• Detailed documentation on the process for requesting, receiving and managing mutual aid requests</li> <li>• Signed mutual aid agreements where appropriate</li> </ul>
46	Cooperation	Information sharing	The organisation has an agreed protocol(s) for sharing appropriate information with stakeholders.	Y	<ul style="list-style-type: none"> <li>• Documented and signed information sharing protocol</li> <li>• Evidence relevant guidance has been considered, e.g. Freedom of Information Act 2000, General Data Protection Regulation and the Civil Contingencies Act 2004 'duty to communicate with the public'.</li> </ul>
47	Business Continuity	BC policy statement	The organisation has in place a policy statement of intent to undertake Business Continuity Management System (BCMS).	Y	Demonstrable a statement of intent outlining that they will undertake BC - Policy Statement
48	Business Continuity	BCMS scope and objectives	The organisation has established the scope and objectives of the BCMS, specifying the risk management process and how this will be documented.	Y	<p>BCMS should detail:</p> <ul style="list-style-type: none"> <li>• Scope e.g. key products and services within the scope and exclusions from the scope</li> <li>• Objectives of the system</li> <li>• The requirement to undertake BC e.g. Statutory, Regulatory and contractual duties</li> <li>• Specific roles within the BCMS including responsibilities, competencies and authorities.</li> <li>• The risk management processes for the organisation i.e. how risk will be assessed and documented (e.g. Risk Register), the acceptable level of risk and risk review and monitoring process</li> <li>• Resource requirements</li> <li>• Communications strategy with all staff to ensure they are aware of their roles</li> <li>• Stakeholders</li> </ul>
49	Business Continuity	Business Impact Assessment	The organisation annually assesses and documents the impact of disruption to its services through Business Impact Analysis(s).	Y	<p>Documented process on how BIA will be conducted, including:</p> <ul style="list-style-type: none"> <li>• the method to be used</li> <li>• the frequency of review</li> <li>• how the information will be used to inform planning</li> <li>• how RA is used to support.</li> </ul>
50	Business Continuity	Data Protection and Security Toolkit	Organisation's IT department certify that they are compliant with the Data Protection and Security Toolkit on an annual basis.	Y	Statement of compliance

51	Business Continuity	Business Continuity Plans	<p>The organisation has established business continuity plans for the management of incidents. Detailing how it will respond, recover and manage its services during disruptions to:</p> <ul style="list-style-type: none"> <li>• people</li> <li>• information and data</li> <li>• premises</li> <li>• suppliers and contractors</li> <li>• IT and infrastructure</li> </ul> <p>These plans will be updated regularly (at a minimum annually), or following organisational change.</p>	Y	<ul style="list-style-type: none"> <li>• Documented evidence that as a minimum the BCP checklist is covered by the various plans of the organisation</li> </ul>
52	Business Continuity	BCMS monitoring and evaluation	<p>The organisation's BCMS is monitored, measured and evaluated against the Key Performance Indicators. Reports on these and the outcome of any exercises, and status of any corrective action are annually reported to the board.</p>	Y	<ul style="list-style-type: none"> <li>• EPRR policy document or stand alone Business continuity policy</li> <li>• Board papers</li> </ul>
53	Business Continuity	BC audit	<p>The organisation has a process for internal audit, and outcomes are included in the report to the board.</p>	Y	<ul style="list-style-type: none"> <li>• EPRR policy document or stand alone Business continuity policy</li> <li>• Board papers</li> <li>• Audit reports</li> </ul>
54	Business Continuity	BCMS continuous improvement process	<p>There is a process in place to assess and take corrective action to ensure continual improvement to the BCMS.</p>	Y	<ul style="list-style-type: none"> <li>• EPRR policy document or stand alone Business continuity policy</li> <li>• Board papers</li> <li>• Action plans</li> </ul>
55	Business Continuity	Assurance of commissioned providers / suppliers BCPs	<p>The organisation has in place a system to assess the business continuity plans of commissioned providers or suppliers; and are assured that these providers arrangements work with their own.</p>	Y	<ul style="list-style-type: none"> <li>• EPRR policy document or stand alone Business continuity policy</li> <li>• Provider/supplier assurance framework</li> <li>• Provider/supplier business continuity arrangements</li> </ul>

Ref	Domain	Standard	Detail	Mental Health Providers	Evidence - examples listed below	Self assessment RAG Red = Not compliant with core standard. In line with the organisation's EPRR work programme, compliance will not be reached within the next 12 months. Amber = Not compliant with core standard. The organisation's EPRR work programme demonstrates evidence of progress and an action plan to achieve full compliance within the next 12 months. Green = Fully compliant with core standard.	Action to be taken	Lead	Timescale	Comments
<b>Deep Dive - Command and control</b>										
<b>Domain: Incident Coordination Centres</b>										
1	Incident Coordination Centres	Communication and IT equipment	The organisation has equipped their ICC with suitable and resilient communications and IT equipment in line with NHS England Resilient Telecommunications Guidance.	Y		Fully compliant				Phones and essential equipment kept available to set up ICC at 2 locations
2	Incident Coordination Centres	Resilience	The organisation has the ability to establish an ICC (24/7) and maintains a state of organisational readiness at all times.	Y	Up to date training records of staff able to resource an ICC	Fully compliant				As above
3	Incident Coordination Centres	Equipment testing	ICC equipment has been tested every three months as a minimum to ensure functionality, and corrective action taken where necessary.	Y	Post test reports Lessons identified EPRR programme	Fully compliant				Last tested July 2018, next test scheduled for October 2018
4	Incident Coordination Centres	Functions	The organisation has arrangements in place outlining how it's ICC will coordinate it's functions as defined in the EPRR Framework.	Y	Arrangements outline the following functions: Coordination Policy making Operations Information gathering Dispersing public information.	Fully compliant				Trust Emergency Planning Group members have identified functions in this respect
<b>Domain: Command structures</b>										
5	Command structures	Resilience	The organisation has a documented command structure which establishes strategic, tactical and operational roles and responsibilities 24 / 7.	Y	Training records of staff able to perform commander roles EPRR policy statement - command structure Exercise reports	Fully compliant				EPRR Policy sets out Command Structure
6	Command structures	Stakeholder interaction	The organisation has documented how its command structure interacts with the wider NHS and multi-agency response structures.	Y	EPRR policy statement and response structure	Fully compliant				EPRR Policy
7	Command structures	Decision making processes	The organisation has in place processes to ensure defensible decision making, this could be aligned to the JESIP joint decision making model.	Y	EPRR policy statement inclusive of a decision making model Training records of those competent in the process	Fully compliant				EPRR Policy
8	Command structures	Recovery planning	The organisation has a documented process to formally hand over responsibility from response to recovery.	Y	Recovery planning arrangements involving a coordinated approach from the affected organisation(s) and multi-agency partners	Fully compliant				EPRR Policy

Overall assessment:			Non compliant						
Ref	Domain	Standard	Detail	Evidence - examples listed below	Self assessment RAG Red = Not compliant with core standard. In line with the organisation's EPRR work programme, compliance will not be reached within the next 12 months. Amber = Not compliant with core standard. The organisation's EPRR work programme demonstrates an action plan to achieve full compliance within the next 12 months. Green = Fully compliant with core standard.	Action to be taken	Lead	Timescale	Comments
24	Command and c	On call mechanism	A resilient and dedicated EPRR on call mechanism in place 24 / 7 to receive notifications relating to business continuity incidents, critical incidents and major incidents.  This should provide the facility to respond or escalate notifications to an executive level.	<ul style="list-style-type: none"> <li>Process explicitly described within the EPRR policy statement</li> <li>On call Standards and expectations are set out</li> <li>Include 24 hour arrangements for alerting managers and other key staff.</li> </ul>	Partially compliant	Personal information of on call managers requires updating, together with a review of on call pack to ensure it meets needs for EPRR, as well as general on call issues	Andy Bragg	Mar-19	On call system in place but personal details need to be reviewed, together with policies.
25	Command and c	Trained on call staff	On call staff are trained and competent to perform their role, and are in a position of delegated authority on behalf of the Chief Executive Officer / Clinical Commissioning Group Accountable Officer.  The identified individual: <ul style="list-style-type: none"> <li>Should be trained according to the NHS England EPRR competencies (National Occupational Standards)</li> <li>Can determine whether a critical, major or business continuity incident has occurred</li> <li>Has a specific process to adopt during the decision making</li> <li>Is aware who should be consulted and informed during decision making</li> <li>Should ensure appropriate records are maintained throughout.</li> </ul>	<ul style="list-style-type: none"> <li>Process explicitly described within the EPRR p</li> </ul>	Partially compliant	On call staff receive training including EPRR however, not to NOS.	Emergency Planning Manager	Aug-19	TNA questionnaire to NOS expectations prepared to send to all on call/EDG managers. This will identify training gaps
26	Training and exe	EPRR Training	The organisation carries out training in line with a training needs analysis to ensure staff are competent in their role; training records are kept to demonstrate this.	<ul style="list-style-type: none"> <li>Process explicitly described within the EPRR policy statement</li> <li>Evidence of a training needs analysis</li> <li>Training records for all staff on call and those performing a role within the ICC</li> <li>Training materials</li> <li>Evidence of personal training and exercising portfolios for key staff</li> </ul>	Partially compliant	Training of relevant identified staff in place, but not according to TNA	Emergency Planning Manager	Aug-19	See 25 above
27	Training and exe	EPRR exercising and testing programme	The organisation has an exercising and testing programme to safely test major incident, critical incident and business continuity response arrangements.  Organisations should meet the following exercising and testing requirements: <ul style="list-style-type: none"> <li>a six-monthly communications test</li> <li>annual table top exercise</li> <li>live exercise at least once every three years</li> <li>command post exercise every three years.</li> </ul> The exercising programme must: <ul style="list-style-type: none"> <li>identify exercises relevant to local risks</li> <li>meet the needs of the organisation type and stakeholders</li> <li>ensure warning and informing arrangements are effective.</li> </ul> Lessons identified must be captured, recorded and acted upon as part of continuous improvement.	<ul style="list-style-type: none"> <li>Exercising Schedule</li> <li>Evidence of post exercise reports and embedding learning</li> </ul>	Partially compliant	schedule of exercises to ensure compliance to be put in place	Emergency Planning Manager	Dec-18	Live IT failure exercise held 18 July 2018; Communications exercise 20 September to test acute bed status, Table top exercise planned, date to be announced.
28	Training and exe	Strategic and tactical responder training	Strategic and tactical responders must maintain a continuous personal development portfolio demonstrating training in accordance with the National Occupational Standards, and / or incident / exercise participation	<ul style="list-style-type: none"> <li>Training records</li> <li>Evidence of personal training and exercising portfolios for key staff</li> </ul>	Partially compliant	Learning & Development to create records for managers on ESR	Learning and Development Lead	Mar-19	Learning & Development creating facility to record training.
33	Response	Loggist	The organisation has 24 hour access to a trained loggist(s) to ensure decisions are recorded during business continuity incidents, critical incidents and major incidents.	<ul style="list-style-type: none"> <li>Documented processes for accessing and utilising loggists</li> <li>Training records</li> </ul>	Non compliant	Identify and train staff	Emergency Planning manager	Dec-18	Previously trained staff have left the Trust leaving no one in post to perform the role.
40	Cooperation	LRHP attendance	The Accountable Emergency Officer, or an appropriate director, attends (no less than 75%) of Local Health Resilience Partnership (LHRP) meetings per annum.	<ul style="list-style-type: none"> <li>Minutes of meetings</li> </ul>	Non compliant	Acknowledgement that attendance is mandatory	Accountable Emergency officer	Sep-18	Minutes show SHSC AEO has attended 1 of 4 LHRP meetings in the past 12 months (25%). Future LHRP to be shared between AEO and Director of Corporate Governance
49	Business Contin	Business Impact Assessment	The organisation annually assesses and documents the impact of disruption to its services through Business Impact Analysis(s).	Documented process on how BIA will be conducted, including: <ul style="list-style-type: none"> <li>the method to be used</li> <li>the frequency of review</li> <li>how the information will be used to inform planning</li> <li>how RA is used to support.</li> </ul>	Partially compliant	BIA in place within BCP's but assessment and review periods vary	Emergency Planning manager	Mar-19	

51	Business Contin	Business Continuity Plans	<p>The organisation has established business continuity plans for the management of incidents. Detailing how it will respond, recover and manage its services during disruptions to:</p> <ul style="list-style-type: none"> <li>• people</li> <li>• information and data</li> <li>• premises</li> <li>• suppliers and contractors</li> <li>• IT and infrastructure</li> </ul> <p>These plans will be updated regularly (at a minimum annually), or following organisational change.</p>	<ul style="list-style-type: none"> <li>• Documented evidence that as a minimum the BCP checklist is covered by the various plans of the organisation</li> </ul>	Partially compliant	Overarching BCMS to be completed, together with BCP's for a number of Trust services	Emergency Planning Manager	Aug-19	Most service BCP's in place and IT, with Estates holding a few. Formatting differences and some out of date.
53	Business Contin	BC audit	<p>The organisation has a process for internal audit, and outcomes are included in the report to the board.</p>	<ul style="list-style-type: none"> <li>• EPRR policy document or stand alone Business continuity policy</li> <li>• Board papers</li> <li>• Audit reports</li> </ul>	Partially compliant	BC Audit spreadsheet established but requires updating to show current position before it can work as an audit tool.	Emergency Planning manager	Aug-19	See EPRR Policy
54	Business Contin	BCMS continuous improvement process	<p>There is a process in place to assess and take corrective action to ensure continual improvement to the BCMS.</p>	<ul style="list-style-type: none"> <li>• EPRR policy document or stand alone Business continuity policy</li> <li>• Board papers</li> <li>• Action plans</li> </ul>	Partially compliant	Action at 53 above will enable this standard	Emergency Planning manager	Aug-19	See EPRR Policy and spreadsheet
60	CBRN	Equipment and supplies	<p>The organisation holds appropriate equipment to ensure safe decontamination of patients and protection of staff. There is an accurate inventory of equipment required for decontaminating patients.</p> <ul style="list-style-type: none"> <li>• Acute providers - see Equipment checklist: <a href="https://www.england.nhs.uk/ourwork/eprp/hm/">https://www.england.nhs.uk/ourwork/eprp/hm/</a></li> <li>• Community, Mental Health and Specialist service providers - see Response Box in 'Preparation for Incidents Involving Hazardous Materials - Guidance for Primary and Community Care Facilities' (NHS London, 2011) (found at: <a href="http://www.londonccn.nhs.uk/_store/documents/hazardous-material-incident-guidance-for-primary-and-community-care.pdf">http://www.londonccn.nhs.uk/_store/documents/hazardous-material-incident-guidance-for-primary-and-community-care.pdf</a>)</li> <li>• Initial Operating Response (IOR) DVD and other material: <a href="http://www.jesip.org.uk/what-will-jesip-do/training/">http://www.jesip.org.uk/what-will-jesip-do/training/</a></li> </ul>	Completed equipment inventories; including cor	Non compliant	Equipment to be provided to those services identified at 58 above	Emergency Planning manager	Dec-18	Relevant equipment being discussed with Infection Control lead, in line with advice on infectious diseases generally.
66	CBRN	Training programme	<p>Internal training is based upon current good practice and uses material that has been supplied as appropriate. Training programme should include training for PPE and decontamination.</p>	<p>Evidence training utilises advice within:</p> <ul style="list-style-type: none"> <li>• Primary Care HAZMAT/ CBRN guidance</li> <li>• Initial Operating Response (IOR) and other material: <a href="http://www.jesip.org.uk/what-will-jesip-do/training/">http://www.jesip.org.uk/what-will-jesip-do/training/</a></li> <li>• A range of staff roles are trained in decontamination techniques</li> <li>• Lead identified for training</li> <li>• Established system for refresher training</li> </ul>	Partially compliant	Preparation of training materials and training schedule to be included in mandatory training from 2019	Emergency Planning manager	Mar-19	Emergency Planning manager creating presentation to be incorporated in mandatory training for all staff from 2019, recognising that this will take 3 years to achieve, in line with rolling training programmes.
68	CBRN	Staff training - decontamination	<p>Staff who are most likely to come into contact with a patient requiring decontamination understand the requirement to isolate the patient to stop the spread of the contaminant.</p>	<p>Evidence training utilises advice within:</p> <ul style="list-style-type: none"> <li>• Primary Care HAZMAT/ CBRN guidance</li> <li>• Initial Operating Response (IOR) and other material: <a href="http://www.jesip.org.uk/what-will-jesip-do/training/">http://www.jesip.org.uk/what-will-jesip-do/training/</a></li> <li>• Community, Mental Health and Specialist service providers - see Response Box in 'Preparation for Incidents Involving Hazardous Materials - Guidance for Primary and Community Care Facilities' (NHS London, 2011).
