#### Summary of key points in report

The NRC met to discuss:

- The presentation on the work of the committee to the Council of Governors see separate slides
- The outcome of the Chair's appraisal which is shared in the confidential session of the meeting.
- The process for the appraisals of Non-Executive Directors for the review period 2023-24 following discussions held with the NRC and the Council of Governors in April 2024.

Governors are encouraged to consider putting their names forward to join the Nominations and Remuneration Committee which is the only formal sub committee of the Council of Governors and has a key role to play on its behalf in the appraisal and recruitment processes for the Chair and Non-Executive Directors.

#### Non-Executive Director Appraisal process

It was agreed at the meetings in April 2024 to follow the NHS England Non-Executive performance appraisal good practice guide, which has been refined to reflect the new NHS Leadership Competency Framework (LCF) for boards which was launched on 28 February by NHS England (NHSE).

The NRC approved the proposals for undertaking the Non-Executive appraisals including updated questions for the 360 element of the process for the Council of Governors, with minor amendments discussed and agreed during the meeting. These were recommended and agreed at the Council of Governors meeting in

#### April 2024.

The Committee, and the Council of Governors can be assured an appropriate process has been followed for the appraisal of the Chair and a consistent approach has been used for the appraisals of the remainder of the Board in demonstrating compliance with the competency domains.

This annual review is for the period looking back from 1 April 2023 to 31 March 2024 for all of the NEDs. Appraisals will take place in June and July 2024 following the completion of the Chair appraisal in June and a timetable detailing the appraisal process is provided in section 2.1 of the report. NRC members have been asked to confirm if they wish to participate in any of these.

Governors are encouraged to participate in the opportunity to provide feedback on the performance of the NEDs through completion of the questionnaire form circulated by the Corporate Governance team. In this we ask that you confirm which Governor constituency you are from to help us to understand the breadth of feedback, if you do not wish to complete that this is fine, however please note that the Director of Corporate Governance confidentially holds the names of those who have submitted forms in order to support us with the follow up process. This means we do not need to chase up submissions numerous times through a blanket email approach.

#### **Nominations and Remuneration Committee**

#### Section 1: Analysis and supporting detail

#### **Background**

- 1.1 On 28 February NHS England (NHSE) launched its leadership competency framework (LCF) for board members. These are part of a planned suite of management and leadership development training, tools and resources for NHS organisations with further guidance expected in the autumn of 2024.
- 1.2 NHS England and Improvement (as was) established a framework for conducting annual appraisals for NHS provider chairs in September 2019 and this was updated in April 2021 and again in February 2024.

The framework applies to all board members of NHS provider organisations, integrated care boards and NHSE's board. It will support NHS organisations to recruit, appraise and develop board members against a set of core competencies and will support the appointment of diverse, skilled and proficient leaders.

The Framework states that the 6 competency domains identified should be used in board member appraisals and to support the development of individuals and the whole board. A new board member appraisal framework will support this but will not be available until autumn 2024.

NHS Providers summary on the framework - NHS England's leadership competency framework for board members - NHS Providers

- 1.3 This annual review is for the period looking back from 1 April 2023 to 31 March 2024 for all of the NEDs and for the Associate NED. The Associate NED appraisal will be undertaken by the Chair as this is a board appointment.
- 1.4 The appraisal process will include a collation of feedback on the performance of NEDs from governors and board members. Views from some (but not all) of the Board, using feedback on performance against our values. The NEDs will complete a self-reflection form **attached at Appendix 1** and a self-assessment and confirmation form against the 6 NHS Competency Framework for Boards **attached at Appendix 2** and Governors have been provided with a form for completion via email and google forms as detailed below and **attached at Appendix 3** and the form used for feedback on values **attached at Appendix 4**.

#### Section 2: Appraisal schedule

2.1 Appraisals will be undertaken by the Chair with the Deputy Lead Governor as the Lead Governor is not available to participate. Up to 3 members of the NRC in total are able to participate in each appraisal if available. Completed appraisal packs will be sent to the Chair and the appraisal panel in advance of the appraisal dates. The timetable is provided below:

#### **Section 3: Risks**

3.1 There is a potential risk of non-completion of various elements of the process which could potentially impact negatively on the outcome. An effective appraisal will enable Non-Executive Directors to evaluate their performance, receive constructive feedback, build upon strengths, and address any areas for development and provide assurance to the Council of Governors of the competency of the Non-Executives in fulfilling their roles.

#### **Section 4: Assurance**

#### **Benchmarking**

4.1 Supporting principles within the NHS Code of Governance updated in 2022 <a href="https://www.england.nhs.uk/publication/code-of-governance-for-nhs-provider-trusts/">https://www.england.nhs.uk/publication/code-of-governance-for-nhs-provider-trusts/</a>, requirements of the provider licence, and the Health and Social Care Act 2008 (Regulated Activities) Regulations 2014 (regulation 5) require that individual evaluation of directors needs to take place to demonstrate that they are 'fit and proper', continue to contribute effectively, continue to demonstrate commitment and have the relevant skills for the role.

It is the responsibility of the Chair supported by the Director of Corporate Governance (Trust Secretary) to ensure that NEDs, including Associate NEDs, are supported to participate in the appraisal process, and that the process is appropriate and effective with assurance is provided to the Nominations and Remuneration Committee and the Council of Governors that the appropriate processes have been followed.

Assurance is provided that plans in place for the appraisals for the period 2023/24 are in line with the requirements in the updated national leadership framework.

#### Section 5: Next steps

5.1 Following discussion at the Council of Governors the appraisals will take place and the outcome received at the next meeting.

#### 2024-25 NED Appraisal Summary for the period 2023-24 self-reflection form

The appraisal process is important to ensure that Non-Executive Directors feel motivated, well supported, and confident to deal with the many issues and challenges they will face in their role. An effective appraisal will enable Non-Executive Directors to evaluate their performance, receive constructive feedback, build upon strengths, and address any areas for development.

Please complete the attached form and return it by xx 2024.

This form should be completed after completing the self-assessment against the competency domains for Board members

# SHSC – Non- Executive self-assessment and confirmation form against the 6 NHS Competency Framework for Boards April 2024

# Domain Self-assessment reflection (bullet Chair reflection from appraisal and points) confirming how you have any development required contributed to meeting each domain 1. Driving high quality sustainable outcomes Setting strategy and delivering long-term transformation Promoting equality and inclusion, and reducing health and workforce inequalities Providing robust governance and assurance Creating a compassionate, just and positive culture Building a trusted relationship with partners and communities

# NED Appraisal for the period 1 April 2023-31 March 2024: Governor anonymous Questionnaire Guidance note to support completing the form

Thank you for your participation in this review process for the Non-Executive Directors.

The NED appraisal process is important for two key reasons:

- 1. It provides assurance to the Council of Governors that the Non-Executive (NED) is effectively fulfilling their role.
- 2. It supports the person receiving the feedback to feel motivated, well supported, and confident to deal with the many issues and challenges they face in their role.

Please remember to be thoughtful, balanced and compassionate in your feedback and provide any contextualisation in the comment boxes where you wish to do so.

Governors can provide feedback either via email with the form attached or through google forms. Please indicate your preferred method and the team will support you in this.

Your response will remain non-attributable and anonymous but on the form please indicate the type of Governor you are when you complete the form such as Public/Appointed/Service User/Carer/Young Carer/Staff Governor and add the name of the NED you are feeding back on. This is not compulsory but does help us in understanding the breadth of feedback received.

You are asked to confirm the extent to which you agree with each statement in relation to the person the review is for.

Please only provide one response to each statement. If you have other comments please add them into the additional comment boxes provided. This additional context is welcomed.

There are six new competency domains for Board members which have been used to support developing the questions on this form
